Subject: RE: United Heckathorn site

We will meet at our office which is on site. The address is:

Levin Richmond Terminal

402 Wright avenue

Richmond Ca. 94803

You will need to check in at security with a photo ID.

If you have a hard hat, bring it along. If not we have visitor hats.

I suggest we walk the site first thing since there will be a rising tide and you will see more in the channel at lower tide.

After the walk we can meet and discuss the site.

I look forward to meeting you tomorrow.

Jim Holland

Jim,

I'm confirming that we are meeting tomorrow at 9am for a site tour. Where exactly should we meet you?

Karen,

Scott and I are both available on the 5th. I suggest you allow for two hours of tour and discussion. If you arrive at 9am, 10 am or 1.30 pm we should have plenty of time. Let Scott and I know your time preference and we will be available.

Hi Jim,

I just spoke with Leslie Lundgren, EPA's contractor with CB&I, who will be taking over the United Heckathorn work. We are both available for a site tour on Thursday May 5th. Please send the necessary details on where to meet etc.

Thank you!

Karen,

Scott and I are both available the 1st week in May. I am not clear did you want to come by before the contractors meeting. Scott and I would be happy to meet you first and then have follow up meetings with contractors.

Great, thank you! I'll need to coordinate dates with a few new contractors who would also like to see the site. Just in case we need to go into the following week, what is your availability the first week of May?

Karen,

I am happy to hear from you. I had heard that Rachelle was taking leave and that there was a new project manager. I was going to contact you.

I would be happy to meet with you and would like to include Scott Bourne of CDIM engineering. Scott has recently left Weiss consulting and has been helping us with environmental compliance issues for several years. Scott and I are available all day next Tuesday or most of the week after next. I would plan on a couple of hours for this visit so we can tour the site and discuss recent history and our plans to shotcreting the seawall and potentially seal the miscellaneous abandoned pipes that come out of the sea wall.

Subject: United Heckathorn site

Hi Jim,

I'm the new project manager from EPA who will be working on the United Heckathorn site, taking over the work from Rachelle Thompson.

I'd like to set up a time to come out and visit the site; would you be able to give me a "site tour"? Please let me know some options of days that work for you in the next few weeks/month, and how much time the tour will take to get a full understanding of the site.

I'm looking forward to meeting you,

Karen Jurist
